Other: _____
- ☐ Little Lambs "Big Kid" Menu
(Table foods)

- Sissy's Little Lambs Children's Center stores all infant bottles and food in the refrigerator and heats it in a warm water bath.
- Parents will prepare enough bottles for their child for the entire day, plus one extra in the event the child would like an additional bottle.
- In the event of an emergency, you are required to keep an unopened container of formula or breastmilk stored in an air-tight container and labeled with your child's full name and "emergency supply."
- The parent must provide all food until an infant has been exposed to everything on our menu. Then at that time, we will provide our Little Lambs "Big Kid" Menu.

My child has the following allergies/sensitivities (Please see Allergy/Sensitivity form);

I give Sissy's Little Lambs Children's Center permission to provide my child's food as indicated above.
